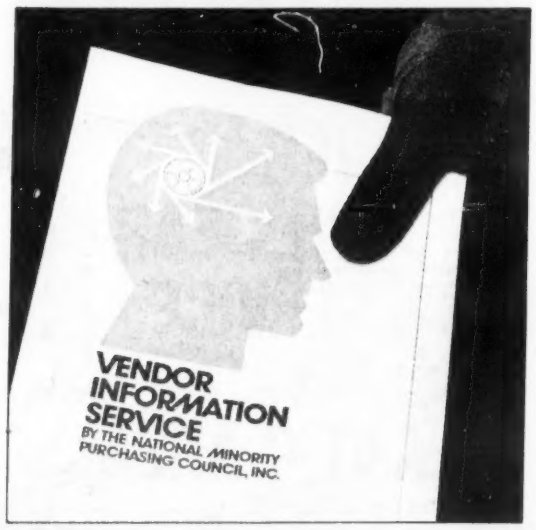
The billion~dollar connection.



This no-cost, no-nonsense folder from the National Minority Purchasing Council describes the best connection to minority suppliers a corporate purchasing manager could have.

It will give you access to a computerized directory of more than 10,000 minority vendors—where they are and what they supply, along with data on plant size, service area, and sales volume; credit and customer references; plus a narrative description of product lines, special features and areas of concentration.

The National Minority Purchasing Council is a not-for-profit corporation formed to promote increased purchases from minority-owned firms. Chief executive officers of about a thousand major corporations are involved and actively support the Council's efforts, with predictably practical results.

Purchases by member corporations from minority suppliers are up from $86 million in 1972 to $1 billion in 1977. And we've only just begun—all we need is more top-level connections.

Call (202) 466-7077, or write: National Minority Purchasing Council, Inc., 1925 "K" street, N.W., Washington, D.C. 20006.

If you have Radar and Autopilot you need *RADAR WATCH*™

RADAR WATCH™ is an affordable small boat collision avoidance system that interfaces easily with modern marine radars. RADAR WATCH does not affect FCC type approval.

RDI *RADAR WATCH*™ *MARK I*

The RADAR WATCH™ provides a zone of protection surrounding your vessel or in any desired sector. It is compatible with boats operating in waterways or on the open sea. The warning zone is adjustable from .2 nautical miles to 25 nautical miles. The unit has patented echo discrimination circuitry that eliminates false targets such as sea clutter and radar interference. It also contains a patented electronic bearing marker that automatically indicates the constant relative bearing of a detected radar target.

Dealer inquiries invited.

RDI **RADAR DEVICES, INC.**

14272 Wicks Blvd. San Leandro, CA. 94577 415-483-1953
RADAR WATCH meets RTCM specification 129-77/EC-228/SC65-245, Rev. 7/28/77

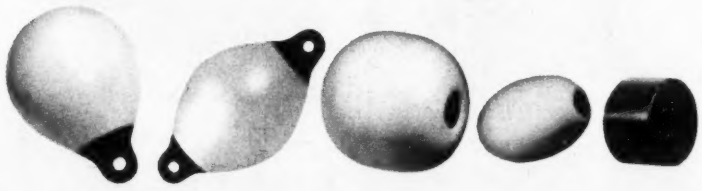
FLOATS & BUOYS

SCANMARIN

Inflatable net, seine and spar buoys. Expanded PVC powerblock floats, egg shape floats, cylindrical floats and pot buoys.

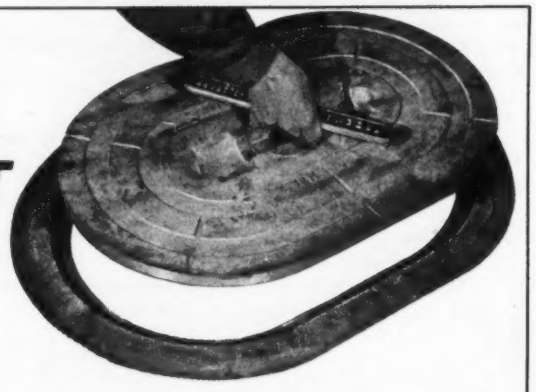


Sinterplast, Int.

P.O. Box 606 Monroe, Washington 98272 206-794-5856 Telex 329514

Affiliated with Bakelitt Fabrikken A/S Oslo, Norway

The FASTEST is also the driest.



And with a Freeman flush hatch cover you'll never go looking for a cover wrench again.

The fastest-action watertight hatch cover anywhere opens with just a quarter turn of the handle. And the built-in handle is always in place, its position showing whether the hatch is locked or unlocked.

Freeman Hatches with double sealing gasket are guaranteed watertight to 30-foot head. Precision-yet-rugged working parts are reliable and maintenance-free. Non-corroding aluminum, 316 alloy stainless steel, nylatron and neoprene are used throughout.

Standard models include 8, 12, 15, 18, 24, 15x24-inch and 15x24 hinged. Call or send for catalog.

A Profile of the Remarkable Sabb Diesel

Smooth, quiet power
For over 50 years the Sabb Diesel from Norway has been proving itself to be a most dependable marine propulsion unit. Great attention to the quality of design, materials, and workmanship has resulted in a generation of marine diesels which offer unmatched safety, reliability and operating efficiency.

Among Sabb's many features are: A unique variable pitch propeller; a complete tool kit and spare parts inventory for owner maintenance; a world-wide distributor network; and a price tag which includes the complete propulsion package.

Sabb manufactures five marine diesel engines ranging from 6 to 30 horsepower. Whether you are repowering an existing vessel or taking delivery of a new one, Sabb has a diesel to fit your needs. For more information on the remarkable Sabb Diesels, clip and return this coupon to the distributor nearest you.

LET'S TALK MARINE ELECTRONICS

Do you get really good information from your electronics man? There are some really good men around the U.S., but becoming fewer as technology advances, C-Loran, Satellite Navigation, Synthesized Single Sideband, Digital Processed Radar, require special knowledge and test equipment.

I've been in Marine Electronics since the big names were Hudson, American and Munston Radio, that's 25 years. My Companies, "Marine Electronics International" and "Electronics for Yachting" equip and service world cruising and local vessels every day.

We sell top name equipment like Furuno Radar and Depth Recorders. Even more important we give *good advice*.

If you're purchasing new electronics or experiencing abnormal problems with existing equipment, give us a call; give me a call, you'll get good advice based on 22 years knowledge and hands-on experience with today's sophisticated equipment. Area Code 305 - 525-3478.

DON TRUMBULL
President

MARINE ELECTRONICS INTERNATIONAL
1525 S.E. 16th Street, Ft. Lauderdale, Fla. 33316
(305) 525-3478 TWX 510-955-9484

YOU'RE GETTING ZAPPED

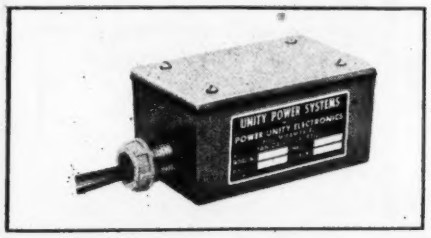
and probably DON'T EVEN REALIZE IT!

HIGH VOLTAGE SPIKES generated by YOUR OWN ELECTRICAL system are probably DAMAGING your electronics

— causing outages and resulting in expensive repairs —

GET PROTECTION — INSTALL UNITY TRANSIENT PROTECTORS

To quickly suppress spikes and control surges caused by motors, generators, relays, solenoids and other electrical equipment — before they can become harmful.



- AC AND DC MODELS
- HIGH ENERGY CAPABILITY
- FAST RESPONSE TIME
- EASILY INSTALLED
- 3-YEAR WARRANTY
